
How to find CATI work/Market Research work?

Posted by sauravrohatgii - 2009/03/06 14:40

Hi,
Please help!!

I am new to market research. Recently join a market research company and my boss has given me target to get at least 2 leads in a month where I can try to get CATI work from the companies who are looking to outsource their CATI work.

I don't know how to get in touch so that I can try to get CATI work? Is there any website like freelancer etc for CATI or market research work? Please suggest or HELP?
