
Meat products research UK market

Posted by Aistis - 2012/08/17 07:40

Hi everyone,

I m writing internship report for my university. Basically it s foreign market investigation, in my case - UK; product - meat products (hot/cold smoked products, pates, sausages etc) What I m trying to find:

...Major meat products producers

...Market size of meat products

...Any relevant information, statistics

I didn't realize it s so hard till i started this project, anyway, thank you for your help in advance.
