June 25th - Stamford ct

The Fairfield County Business Journal and Chambers of Commerce announced on Thursday that John J. Louizos, Anderson Analyticsâ€™ Corporate Counsel and a member of Curtis, Brinckerhoff & Barrett, PC was one of the recipients of the â€œ40 under 40â€• business leadership award. The program recognizes 40 business leaders under 40 who are helping to build Fairfield Countyâ€™s future economy and quality of life.

Anyone between 21 and 39 and who works in Fairfield County was eligible to be considered by the panel of representatives from the Business Journal, the dozen sponsoring chambers of commerce and other sponsors.

Candidates were an owner, founder, partner, president, chief executive, financial or operating officer, or board chair or responsible for making decisions within a company or not-for-profit.

Candidates, who were announced on June 21 at a reception at the University of Connecticut, were judged on business accomplishments, leadership qualities and personal business improvement efforts.
Â

John, also a member of Curtis, Brinckerhoff & Barrett, PC, has counseled Anderson Analytics since its formation in 2005 and has been practicing law since 1997.Â He received his degree in jurisprudence from Washington and Lee University in Virginia and is licensed to practice in the states of CT, NY, and VA. In addition John, age 35, is the youngest member of the Stamford Board of Finance and is chairman of its education and legal affairs committee.

â€œItâ€™s a pleasure to work with someone as energetic and committed as Johnâ€• said Tom Anderson, managing Partner of Anderson Analytics, â€œHeâ€™s a great asset to the company and to the communityâ€•

About Anderson Analytics
More than market research, Anderson Analytics is the first next generation marketing consultancy to combine new technologies, such as data and text mining, with traditional market research. Anderson Analytics helps clients gain the The Information Advantage by combining the efficiencies and business experience found in large research firms with the rigorous methodological understanding from academia and the creativity found only in smaller firms.
