2008

MRDC are pleased to announce that they will be exhibiting at this year's Insight Show which is being held at Earls Court Brompton Hall on the 18-19th November 2008.

The Insight Show is Europe's largest research exhibition and is a must attend conference for anyone who is a buyer, user and commissioner of market research.

Â

MRDC has been a leading supplier of data analysis services and software to the market research industry for over 15 years. We provide a comprehensive data processing and tabulation service specialising in areas such as;

Â

- High Quality Data Entry/Coding
- Tabulation and Data Management Services
- Web Data Analysis
- Tracking Studies
- Healthcare Analysis
- Automated Analysis/Reporting

Besides offering a complete range of data processing services, MRDC can also provide you with all the software you need to carry your own analysis and reporting.

MRDCL is regarded by many as the most powerful tabulation software in the world while Report Direct is now established as a leading tool for automating reports and charts in Powerpoint.

Â

The Insight show will provide an excellent opportunity for buyers to find out more about MRDC's range of products and services. Register for FREE Entry [Here](#) or contact fiona.turnbull@mrdcservices.com for more information.
