Telephone Research Site Launched by DJS Research Ltd

DJS Research Ltd a leading UK market research agency, offering qualitative and quantitative market research services, today launched a new website. The site, which can be found at: Telephone Research is specifically aimed at highlighting their capabilities of conducting telephone research, with the launch of their new phone unit.

The website outlines the types of telephone research that they carry out, industry experience and further details about DJS Research.

Â As well as carrying out telephone research, DJS has extensive expertise in using other methodologies, including:

- Face to Face Interviews
- Postal and Self Completion Market Research
- Online Research
- Desk Research
- Data Processing and Production of Data Tabulations
- Statistical Analysis, Interpretation & Reporting Findings

DJS Research offers a bespoke service with Research Directors managing and running projects from start to finish.

The agency is based in the North West of England and pride themselves on providing a quality service but at affordable and value for money rates. They are members of the Market Research Society, ESOMAR and AIMRI.

To visit the new website, please click here: Telephone Research or for further detailed information about DJS Research Ltd, please click here: Market Research UK
