Expands with a new facility in Mumbai

Ugam Solutions, a leading provider of Marketing Decision Support Solutions including market research operations and online marketing solutions, has increased its presence in India with the formation of a new office in Thane in Mumbai City, the countryâ€™s commercial and financial capital.

This facility is spread over 17000 sq. ft and has a seating capacity of 315 people. Thane, an erstwhile Industrial hub, has grown tremendously in the past decade and is now host to many IT and ITES companies.

Commenting on the new development, Sunil Mirani, Chief Executive Officer, Ugam Solutions said
â€œOur business has grown significantly over the past few years and we anticipate continued growth in both Market Research and Online Marketing Solutions. Also, a lot of our employees reside in the Central suburbs of Mumbai and spend a lot of time traveling to / from work. Keeping our growth and employee convenience in mind, along with the benefits of Thane as a location, we decided to establish our new facility here.â€•

With other facilities in Mumbai and Coimbatore in India, London in the UK and Rochester in the USA, Ugam provides 24x7 support to its clients across the globe.

Ugam Solutions is online at www.ugamsolutions.com
