Last Updated Wednesday, 18 April 2012

Due to the continuing growth of North West Market research agency DJS Research Ltd they will soon be moving to larger offices. The new office will be based in Strines, Cheshire, UK - not far from their existing Head Office.

The larger office will accommodate short and long-term growth plans and will significantly increase their in-house CATI capability to 40+ stations. The extra space will also allow them to continue with their recruitment plans to help expand on their full service research offer and their field and tab services. Â

DJS Research will be working from the new office from Monday the 30th April 2012.

Their new contact details will be:

DJS Research Ltd, 3 Pavilion Lane, Strines, Stockport, Cheshire SK6 7GH

Email details will remain the same but their phone number will change to: 01663-767857

The website remians at: http://www.djsresearch.co.uk
