Tuesday, 01 May 2012

42 market research, the leading independent market research agency that specialises purely on the healthcare sector, has promoted Stuart Crocker to Managing Director, following the move of Wolfgang Sabathil into the Managing Director position of parent group, 42 international.

Stuart, who has 15 years of experience within the healthcare sector, has been with the company since 2006 and was previously the Market Research Manager.

Wolfgang Sabathil, Managing Director of 42 international, said:
â€œThrough the continuing growth of our online business, this appointment reflects our commitment towards exceeding the needs of our clients and adding extra value to the services that we offer. Stuart has a proven track record within the industry and brings an unparalleled wealth of knowledge to the position.â€•
