DJS Research are today congratulating RM Results - the company behind the worldâ€™s most widely used e-marking tool, RM Assessor - on the launch of their newly re-designed website.

DJS Research regularly work with the market leading ed-tech provider, and has helped RM Results to establish key figures for publication on the website, as well as working on a number of strategic projects which will support the new website moving forward.

Speaking about the relationship, Elliot Simmonds, Research Consultant at DJS Research, who regularly works with RM Results, had the following to say:

â€œWorking with RM Results is a real pleasure. To be able to contribute to something as public facing as RM Resultsâ€™ new website has been a great experience, and we wish them all the best with the launch and moving forward in the longer-term.â€•

DJS Research, based in Manchester , has been working with RM Results, part of the RM Group, since early 2015, and has already completed research covering in excess of 15 countries. RM Results is widely acknowledged as one of the worldâ€™s leading providers of high stakes e-assessment and e-marking provision. Speaking about their partnership with DJS to date, RM Results had the following comment:

â€œWe've been very impressed by the service DJS provide. Obtaining reliable, timely, detailed information to support decision-making is vital to us, and DJS have consistently delivered that; and have been very easy to work with throughout the process."
