Advertise Your Market Research Jobs for Free

We are now very pleased to let you know that our full market research job system is up and running. If you are an employer or recruiter looking to advertise jobs or view resumes (for FREE) please visit: Market Research JobsÂ or click on "Jobs" in the top menu.

The site is new at the moment (October/November 2006) but will soon become very busy - we are on the first page of Google for "Market Research" and "Market Research Jobs".

To start using the site is very simple and only takes a few minutes. I'm sure you will easily be able to work it out for yourself butÂ we have alsoÃ outlined the key steps you need to take to start posting your jobs...

1) The site can be found here: http://jobs.marketresearchworld.net/ or you can access it through our main site at: http://www.marketresearchworld.net/ (then click "Jobs")

2) You will first see an introductory page. Click through this to the main jobs site and then click on employer "Registration" (right hand blue menu bar, second option). Or you can go direct here: registration page

3) Fill out the simple registration form and click "Save" at the bottom of the page.

4) You will then be sent a confirmation email, which you will have to view and click on the link to confirm your account.

5) After clicking the link in the email, enter your email address and password and then click "Login"

6) You will now be in the site, registered as a user and ready to post jobs.

7) Click on "Add Job" to add your first position.

8) You can then repeat the process and post as many jobs as you like.

9) Also, you might want to have a look how our other services work including: viewing resumes, receiving resume notifications and purchasing featured job and company listings.

We do hope you find the site useful. It is worth noting that as well as our high search engine listings; we will be undertaking a programme of both online and offline advertising to promote the site. Also, we do hope you will spread the word!!

Â Thanks very much
